PROFESSIONAL SUMMARY

Lead Product Designer with **7+ years** shaping SaaS platforms, ERP dashboards, mobile apps, and AI-powered advertising products end to end. I turn complex data and workflows into clean, action-driven interfaces — owning everything from discovery and user flows to high-fidelity UI, scalable design systems, and developer handoff. Fluent in AI-assisted design and full-stack delivery using Claude, Codex, and Gemini.

CORE COMPETENCIES

Product & UX	Product Design · UX Strategy · User Flows · Wireframing · Prototyping · Information Architecture · Usability · Accessibility · Design Systems
Platforms	SaaS Dashboards · ERP Systems · Mobile Apps (iOS/Android) · Web Apps · Fintech · Ad-Tech · Marketplace & Performance Analytics
Tools	Figma · Adobe XD · Photoshop · Illustrator
AI & Development	Claude · Codex · Gemini · AI-Assisted Design · WordPress · HTML · CSS · Front-End Handoff

PROFESSIONAL EXPERIENCE

Lead UX/UI Designer — Product Designer

Dec 2025 – Present

Techesthete · Full-time

Lahore, Pakistan · On-site

- Lead end-to-end design of AI-powered SaaS products for TikTok and Amazon advertising platforms — campaign setup, audience targeting, creative management, budget controls, and performance analytics.
- Translate complex advertising and marketplace data into intuitive, action-driven dashboards and interfaces.
- Own product discovery, user flows, wireframes, high-fidelity UI, and developer handoff; build and maintain scalable, accessible design systems.
- Apply AI-assisted design workflows to validate ideas and cut iteration cycles; mentor designers and set team quality standards.

Lead UX/UI & Product Designer

Feb 2024 – Present

Independent / Freelance

Remote · UK & Global Clients

- Deliver end-to-end ERP systems, SaaS dashboards, websites, and mobile apps for global clients — from Figma design to live WordPress development.
- Key projects: Payvato (fintech app + dashboard), QGOLF VPN (dashboard + mobile app), WELX Cloud, Hvato Agency, and Northside Maintenance Platform.
- Specialize in dashboard design, mobile-first experiences, and high-converting marketing websites.

Lead UX/UI Designer — ERP & SaaS Product Design

Jun 2023 – Dec 2025

Softbeats (Pvt.) Ltd · Full-time

Lahore, Pakistan · On-site

- Designed and redesigned ERP SaaS platforms and mobile apps across multiple industries, including the flagship product Gluon ERP.
- Delivered custom ERP dashboards for Isotherm, Rafi Developers, Eto Rice, Silkoshine Premium, and Marine Electronics.
- Partnered with developers and business teams to transform complex workflows into simple, user-friendly systems.

UX/UI Designer → Lead UX/UI Designer

Jan 2022 – Dec 2023

Logo Web Pros · Full-time

Sindh, Pakistan · Remote

- Promoted from UX/UI Designer to Lead Designer; designed websites and mobile apps for VPN services, crypto platforms, and SaaS startups.
- Mentored junior designers and managed design delivery for international clients, improving usability and client retention.
- Applied WordPress customization alongside UX/UI design for end-to-end delivery.

UX/UI Designer — Graphic Designer

Aug 2021 – Jan 2022

Skylinx Technologies · Full-time

Lahore, Pakistan · On-site

- Designed web and mobile applications with developers and stakeholders; created **200+ tablet screens** for a pharmaceutical sales platform used by reps pitching to doctors.
- Led requirement gathering, analysis, and prototyping in Adobe XD and Figma across client projects.

Graphic Designer & UI Designer

Mar 2019 – Aug 2021

Dizainers · Full-time

Lahore, Pakistan

- Began in graphic design and transitioned into UI/UX; designed eCommerce websites, mobile apps, and brand assets (logos, posters, Amazon graphics, social creatives).
- Redesigned websites and apps for the Summits Team, improving usability and structure; built a foundation in information architecture and design systems.

EDUCATION

Bachelor of Science (BS), Information Technology

2016 – 2020

University of Education, Lahore, Pakistan
